Dear Band and Color Guard Parents:
The internet is a vast and rapidly growing worldwide network of millions of computers. No individual or group runs the internet; it is a collective effort of thousands of information providers: schools, governments, nonprofit groups, commercial groups, and individuals. Internet users now number tens of millions.

Many DeSoto Independent School District's campuses are able to use the Internet's rich resources and also to publish information on the Internet. As part of the many technology applications employed across the curriculum, the school may wish to publish a variety of teacher, and student products on the Internet. The types of products may include, but are not limited to: photographs, creative writing, artwork, slide presentations, and audio/visual productions. Visit the Eagle Band Website at **www.eagleband.org** to submit your email electronically and receive information and reminders for band/color guard activities. Please fill out this form, sign at the bottom, and return it to band booster president or webmaster.
